- Bluetooth streaming from a phone or tablet
- Voice mode that lifts dialogue above the soundtrack

Warranty

- 12 month manufacturer warranty.

Frequently asked questions

Do I need a separate subwoofer?

No. The bass reflex speaker is built into the bar. You can add a wireless subwoofer later if you want more low end.

Will my TV remote control the volume?

Yes, over HDMI ARC. If your TV only has optical out, you will use the supplied soundbar remote.

Can I mount it on the wall?

Yes, keyhole slots are built in and a paper template ships in the box.
